CAREER OBJECTIVE

Aspiring **Java Developer** with hands-on experience in **Core Java, Spring Boot, Spring MVC, JDBC, MySQL, REST APIs, HTML, CSS, Basic JavaScript, and JSP**. Skilled in developing **secure, database-driven web applications**, implementing **CRUD operations**, and following the **MVC architecture**. Passionate about building **scalable, high-quality software solutions** and eager to contribute to a dynamic development team while continuously enhancing technical expertise.

EDUCATION

Dr. Babasaheb Ambedkar Technological University (DBATU), Lonere, Bhusawal, India - Sep 2023 — Jul 2026
B.Tech, Electronics & Telecommunication Engineering - (GPA: 8.27)

Government Polytechnic, Jalgaon. , Jalgaon, India - Diploma, Electronics & Telecommunication Jan 2021 — Jul 2023
Engineering - (GPA: 70.94)

Madhyamik Vidyalaya, Ganeshapur, Chalisgaon, India - SSC - (GPA: 88.40%) Jun 2019 — Jun 2020

TECHNICAL SKILLS

Programming Languages : Core Java, Java 8/11

Web Technologies: : HTML5, CSS3, JavaScript, JSP, Servlets, Bootstrap, REST APIs

Java Concept : : Object-Oriented Programming (OOP), Collections Framework, Multithreading, Exception Handling, Generics, File Handling, Stream API, Lambda Expressions, Memory Management, Garbage Collection

Frameworks: : Spring Core, Spring MVC, Spring Boot, Spring Security

Database: : MySQL, JDBC, SQL, PL/SQL, Joins, Views, Indexes, Constraints, Triggers, Functions, Stored Procedures, Transactions, Normalization

Tools & Technologies: : Eclipse, Spring Tool Suite (STS), IntelliJ IDEA, Visual Studio Code (VS Code), Notepad++, Git, GitHub, Maven, Postman, Apache Tomcat, MySQL Workbench

Methodologies : Software Development Life Cycle (SDLC), MVC Architecture, RESTful Architecture

Soft Skills : : Problem Solving, Team Collaboration, Communication, Time Management

Languages: : English, Hindi, Marathi

PROJECTS

Travel Recommendation System – Personalized Destination Suggestion Platform (2026), [Link](#)

- **Role:** Java Developer
- **Description:**
Developed a full-stack Travel Recommendation System that provides personalized destination suggestions based on user preferences. The application features secure JWT-based authentication, role-based access control, and separate user and admin dashboards, enabling efficient travel planning and management.
- **Responsibilities:**
 - Developed REST APIs using Spring Boot and Spring JDBC.
 - Implemented JWT authentication and role-based access control.
 - Built JSP-based user and admin dashboards.
 - Developed modules for destinations, bookings, reviews, preferences, and wishlists.
 - Integrated MySQL and implemented personalized travel recommendations.
 - Optimized database queries and integrated frontend components with backend services to enhance application performance and user experience.
 - Implemented secure API integration for seamless frontend-backend communication.

Student Placement Tracking System , [Link](#)

- **Role:** Java Developer
- **Description:**
Developed a web-based Student Placement Tracking System to manage student profiles, company details, placement drives, and recruitment records. The application was built using Java, JSP, Servlets, JDBC, MySQL, and the MVC architecture to streamline placement management.
- **Responsibilities:**
 - Developed backend modules using Java, Servlets, JDBC, and MySQL.
 - Designed responsive JSP pages using HTML, CSS, and Bootstrap.
 - Implemented CRUD operations for student, company, and placement records.
 - Integrated frontend with backend services and the MySQL database.
 - Followed the MVC architecture for clean and maintainable code.
 - Collaborated with team members, tested features, and resolved bugs during development.

INTERNSHIP

Jr. Software Developer Intern, Creazione Software, Pune, India

Mar 2026 — Present

- Developed and enhanced Java-based application following software development practices.
- Worked on JDBC, MySQL integration, debugging, and testing activities.
- Followed SDLC practices during application development.

CERTIFICATIONS

Java Programming, Infosys Springboard

Java Programming, Python, Data Flair
